Borderline of Healthy

Isn't somebody out there,
switch his feelings like me?

Isn't somebody out there,
share his feelings with me?

Isn't someone out there,
leave this planet with me?

Isn't someone out there,
kiss the Death with me?

Sun grows up und down,
Fill the colour in the ground.
Bringing shadows over me,
Let me all the pain to see.

I'm on the outside,
Just looking in,
Suicide is my feedback.
Just one way to win.

Isn't somebody out there,
switch his feelings like me?
Isn't somebody out there,
share his feelings with me?
Isn't someone out there,
leave this planet with me?
Isn't someone out there,
kiss the Death with me?
